

1. Vendors were expected to quote rates for the commodities mentioned in the RFP document. However, while filling in the RFP document there was difference in the unit of commodities considered by different vendors .Hence comparison chart looks little improper. but the quantity of goods was correct.

2. There are 8 commodities mentioned in the RFP and the total amount quoted for 8 commodities was considered as the base for finalising L1 & L2.3.

3. The Bidder with lowest quoted amount was given order to supply the goods.

4. Demonstration board is actual 24 but by mistakenly type it 60. please compared rate quantity and total amount.
