Sub: - Quotation for 200ML-1000ML Automatic Oil Pouch Packaging Machine.

This refers to your valuable inquiry through one reliable source and we have come to know about your aforesaid requirement. We appreciate your discussion with our Marketing Head regarding subject matter **15/02/2022**. Your sparing valued time for the discussion and showing interest in range of our products are sincerely appreciated.

In this regard, we are submitting herewith our offer for following capacities:

The detailed offer is as per attached INDEX and ANNEXURES.

We hope that you will find the above in line with your requirement.

Kindly contact we for any further information / clarification require in this matter

We shall be glad to refurbish the same.

Thanking you and anticipating a favorable reply.

Yours faithfully,

For, A D PACKAGING

- **Why A D Packaging**

We are one of the Pioneer manufacturers of **Pouch Packing & Liquid Filling Machinery** in India with in-house Manufacturing unit, where in the spares used is as per worldwide standards. Our team consists of highly qualified technocrats, Staff & engineers having rich experience in the field. **We Believe in Providing Quality Machine as “Quality Machines delivers”**. We select the Material used for the Packaging Machinery very carefully for the best possible performance of the system which also increases the life period of the system.

5 C's Compounding Chemistry of A D Packaging

Customer Centric

Our Chemistry is based upon customer's Individual requirement. With the help of our most modern technology for manufacturing all the product in house and in line with customers need.

Commitment of Quality

Our clients work is highly regulated environments on critical parameter and so we understand the importance of maintaining exemplary standards at all the time, at **A D Packaging** we continuously review our product quality

Caring consultation

As our clients are technocrats from Packing and Packaging Machinery they have specific product requirement, with specific Pouch design & Specific packing. To satisfactory meet these, we consult personally and individually

Customer Service

Through our high standards, Expertise and customer focused approach; we strive to meet customers need. We identify every customer's specific need and ensure that it is met satisfactorily & consistently. We serve our reliably and quickly.

Constantly innovative

A D Packaging has lived a distinctive culture of innovation from its inception. The development of new Technology for Packaging Machinery
