## Board Resolution

[Certified true copy about the resolution of board of directors related to the detailed project report prepared and submitting under scheme of SMART]

IWATCH FARMERS PRODUCER COMPANY is properly running the soyabean, chana & cocoons trading business in proper ways without any difficulties from last year. So, to take a next move in the business of soybean trading, the soybean oil extraction unit is the best way to give benefits by giving proper rates to farmers agriculture produce. Also, there is a huge production of soybean in our district and after installing of this unit the more employment generation will be created in the surroundings.

So, the all directors have decided to install a soybean oil extraction unit at the survey no. 41, village Samudrawani at the FPC registered land. All the directors of the FPC are agree to run this unit, and also all directors are agreed for the prepared detailed project.
