We have not considered following items which may be separately considered by buyer:

Sr. No	Items
1	Land , all Civil & Building Structure work including roads, Boundary Wall, Labour/Staff quarter, Office, Rooms for Security, Weigh bridge Cabin, Storage Area, Electric
2	Weigh Bridge, Fire Fighting & Hydrant System with Pumps, Water tanks, etc.
3	All Electrification work related to Transformer and its installation/commissioning, Electrical Cabling & it's proper fitment activity from Transformer to PCC + APFC, From PCC to MCC panels, general lighting and all internal utility requirements along with earthing for all electrical panels & joining of Power supply big cables with panel main
4	Mist Air Nozzle Humidification set-up which will be installed by the buyer on belt conveyor supplied by BSIL
5	Working Capital Margin.
6	Lodging & Boarding expenses for erection staff, technicians and unskilled labour.
7	Customer has to arrange PVC pipe Line Plumber fittings with material and compressor for Pneumatic air pipe line connection from compressor air supply source to individual pneumatic cylinder for ILSS & Fire Detection & Diversion system fitment wherein if required it's layout drawing may be suggested after Plant Layout & Order finalization.
8	Autoregulator 24 Volt "DC" wiring can be done in closed concealed cabling if required wherein customer has to provide necessary material required for the same.
9	Any other item which is not mentioned in our offer.
10	Chequer Sheet Metal Covering Over All Civil Pits & Trench, Seed Channel (of gin machine) to Seed Conveyor Sheet Metal Cover For Below Gin, Cross Conveyor, Bucket Elevator & Lint below gin screw conveyor.

Part From The Quoted Items In this Offer, Bajaj is the prominent supplier of the Following Items Classified as Bought Out & In house manufacturing goods. We can offer these items at best price on your request.

As Optional G & P B/O Goods :

- 1) HLP 68 Hydraulic Oil for Bailing Press
- 2) Grease for Gin Machines Operation
- 3) Bale Strapping Machines & straps
- 4) Other's Products on demand.
- 5) Electric Motor
- 6) V Belts
- 7) Bale Handling & Bagging System

As Optional G & P Manufacturing Goods:

- 1) Tractor seed cotton attachment.
- 2) Scientific Humidification.
- 3) PEB.
- 4) Fire Hydrant & Fighting System.
- 5) Other's Products on demand.

Terms & Conditions:

- 1 **Price:** The Prices mentioned above are Ex. Works BSIL MIDC Hingna, Nagpur - 440028. (Unless otherwise specifically in writing)
- 2 **Packing:** Normally machines are supplied unpacked and in assembled condition. Only small parts are packed in wooden boxes / bags.
- 3 **Loading Charges:** INCLUDED.
- 4 **Freight:** The Freight is in Buyer's Scope.
- 5 **Insurance:** The Insurance is in Buyer's Scope.
- 6 **Local Taxes etc.:** Any Local Taxes such as Entry Tax or any other similar tax if payable, shall be to buyer's A/c.
- 7 **GST:** GST shall be chargeable as applicable at the time of delivery. The present rate of GST is @ 18% (SGST 9% & CGST 9% in case of sales with in Maharashtra & IGST @18% in case of sales outside Maharashtra state). As per GST Rules, BSIL need to pay GST on the receipt of advance itself for which BSIL will issue its receipt voucher on the basis of which buyer will be able to take Input Tax credit on GST in future. So, from 1st of July 2017 buyer should pay order advances GST amount to comply GST norms.
- 8 **Erection & Commissioning:** The charges for Supervision of Erection & Commissioning Are Included In prices of Items. This Excludes To & from travel expenses to the buyer site & back to Nagpur, All lodging boarding, local transport, medical expenses if any, of our technicians and other employee deputed for erection work. All Tools and Tackles, Chain Pulley / Lifting Equipment's, Cranes, Hydra, Welding Machine, Gas Cutting Machine with Oxygen & Consumables, etc required for Erection and Commissioning are to buyer's Account.
- 9 **Payment:** 40 % advance payment on signing of this Order Confirmation by buyer as acceptance and balance payment before delivery on pro rata basis. The payment Terms will be essence of this Contract and any deviation in payment schedule will affect the delivery schedule accordingly.
- 10 **Bank Details:** Payment can be done to Seller either by RTGS /D.D./Cheque or it can be deposited in our Bank Account. The details of which is mentioned below:-
 Beneficiary's Name : Bajaj Steel Industries Limited.
 Registered Address : C-108, MIDC INDUSTRIAL AREA, HINGNA, Nagpur - 440028 (Maharashtra) INDIA
 Name of Bank - HDFC BANK LIMITED.
 ADDRESS- 204, MASHURAWALA BAUG, DHARAMPETH EXTN., SHANKAR NAGAR ROAD, NAGPUR - 440010, MAHARASHTRA
 CASH CREDIT A/C No - 50200052410590
 RTGS / IFSC Code - HDFC0000102
- 11 **Price Validity:** This order registration is valid upto One Month from the date of its submission to you for acceptance signature, thereafter it will be subject to our written Confirmation between both the party on mutual consent.
- 12 **Delivery:** Delivery of the ordered goods will be made within 3 to 4 Month from the date of order registration or date of credit of advance amount in BSIL Bank A/c. (whichever is later) subject to technical-commercial clearance by buyer including approval of G.A. Drawing, arrangement of necessary documentation, suitability of site, & balance pro-rata payment on or before at least 2 (Two) weeks from the date of delivery. If the delivery get's delayed due to any reason attributable to buyer, the price prevailing at the time of dispatch will be applicable due to increase in material & labour cost along withholding inventory, if any.
- 13 **Price Escalation:** The prices are subjected to market variations beyond 5% in basic raw material prices as compared on date of order registration and date of delivery. Any increase in cost of supplying the product due to increase in cost of raw material, shall be borne by the buyer.
- 14 **General Terms & Conditions:** All General Terms & Conditions are applicable as mentioned in company website www.bajajngp.com under caption "General Terms & Conditions".
- 15 **Return of Additional Material:** Some additional quantities of some items such as nut bolts, flanges, ductings, fittings, electrical cables etc. will be supplied as "Additional Goods" on FCC basis for ease of Erection & Commissioning to avoid the material shortage at last moment during erection activity, wherein after successful commissioning whatever unused quantities of these items remain on site shall be returned to M/s., BSIL. The Buyer will not object to this nor demand any compensation. However if any item got short during erection, same shall be arranged by BSIL considering scope under BSIL as per the contract.
- 16 **Cancellation:** The Supplier does not accept any order embodying cancellation or penalty. In the event of cancellation of an Order / Contract after payment of advance by the buyer, the Supplier reserves the right to forfeit the advance payment or else the buyer will compensate the Supplier by an appropriate amount to cover for all losses, expenses, and cost incurred in connection thereof.
- 17 **Prices for other items:** Prices for any other item required by buyer in addition to above scope of supply mentioned in Group shall be submitted on request.
- 18 **Force Majeure Clause:** The supplier will not be liable for delays in delivery & erection / commissioning due to any circumstances beyond his control such as; any priority system established by the Government, fire, floods, storms, earthquakes, explosions and other acts of God, strikes, insurrection, lockouts at works in works in India or abroad, labour disturbances, go slow tactics, work to rule, lay off, civil strife's, restrictions on power supply, shortage of raw materials, war, hostilities, act of the enemy, riots, sabotage, lack of transportation, stoppage of railways or any other carriers or accidents during transit, inland or high seas or by capture, seizure, detention or blockade or other consequence of war and failure of Bajaj Steel Industries Ltd. to perform for the aforesaid reasons shall not be a ground for cancellation of this Order / Contract but the delivery date shall stand extended accordingly. The Supplier shall not be liable for any loss or damage, direct or consequential, resulting from the delays in delivery.
- 19 **Warranty:** The Machine and equipment supplied by us are warranted against standard specification products only for period of 12 months from the date of dispatch. Warranty excludes any defects arising out of normal wear & tear, willful damage, negligence, abnormal working conditions, improper handling of storage, Faulty operations, overload, failure to follow the work instructions (whether oral or in writing), misuse or alteration or repair of the goods without prior approval. Warranty does not extended to parts, Materials or equipment's not manufactured by us, in respect of which buyer shall only be entitled to benefit of any such warranty as is given by manufacturers to us. Warranty given if any, does not cover the cost of service of Engineers / Erection etc and such cost will be paid by the buyer on demand. The seller will not be responsible for any warranty if the product is not used as per the instructions/ guidelines provided by the seller.

We hope that, above information shall meet your requirement.
 Kindly inform if you need any further details.
 We now await your Confirmation of order with Advance Payment.
 With best regards,
 For Bajaj Steel Industries Ltd.

Dear Sir,

Thanks for your kind interest in our machines. This is with reference to your discussion with us; please find quotation along with terms & conditions for your reference.

MULTICROP CLEANING MACHINE FEEDING CAPACITY
1 TON PER HOUR (On Wheat Based)

SEED GRADER CUM CLEANER (DELUX MODEL)

Rs. 2,60,630/-

Seed grader contains two screens model suitable for cleaning & grading of various crop seeds i.e. Wheat, Paddy, Barley, Gram, Pulses, and Maize etc.

Complete with all standard features including the following:

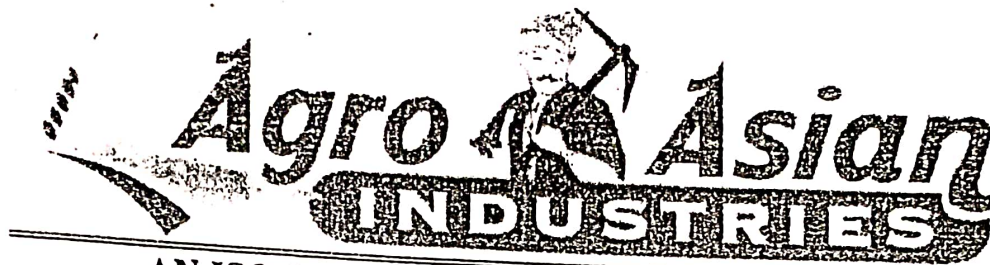

- Capacity: 1 Ton per hour (Based on wheat, at 12% moisture and 10% impurities).
- Feed roller and hopper.
- 01 set of screen of particular crop (Top and Bottom).
- 02 meter long air trunk with 02 Elbows.
- Fan mounted in straight up position.
- All M.S Sheets components will be made on CNC machine.

PL OT NO. 135, HSIIDC, FOOD PARK, SAHA, AMBALA CANTT. PIN-133004.

YOUR ONE STOP SOLUTION FOR PRE CLEANING & FINE CLEANING/GRADING

- Total HP of machine will be 5 HP (Make : Crompton/ Kirloskar/ Havel's or any standard make)
- Sieves are quick interchangeable type.
- All screen sections will be interchangeable & screen perforation will be changed by rubber balls.
- Arrangement of inspection window for checking/working of screens.
- Toolkit and other standard features.
- Bearing made: NTN/SKF/NRB/NBC or standard make.
- Rectangular Pipe : Tata Steel
- Shaft: 45 mm drawn shaft. All shafts are made of EN-8 & are mounted on pillow/flange type self aligned high quality ball bearings with built in casing

AAI BUCKET ELEVATOR TO FEED GRAVITY SEPARATOR Rs. 92,350/-

Complete with following features:

- Capacity: 2 TPH (Based on wheat, at 12% moisture and 10% impurities).
- Power: 1 h.p
- Material used: G.I Steel
- Platform with ladder
- Bucket: HDPE, self cleaning type buckets.
- Bucket size: 4 inch
- Bearing made: NTN/SKF/NRB/NBC or standard make.
- Belt : Nylon food grade
- Belt speed: will not exceed 1M/sec.
- Leg Casing Gauge: 16 Gauge of G.I steel with suitable inspection door opening at suitable height.
- Head & Boot Casing Gauge- 10 Gauge
- Dump Hopper: (1 M³ HEAVY DUTY). It shall be made of 1.6 mm thick G.I steel.

PLOT NO. 135, HSIIDC, FOOD PARK, SAHA, AMBALA CANTT. PIN-133004.

YOUR ONE STOP SOLUTION FOR PRE CLEANING & FINE CLEANING/GRADING

"AAI" AUTOMATIC 3 FAN GRAVITY SEPARATOR Rs. 2,27,000/-
(PANEL WITH VFD) Rs. 18,000/-

- For separation of large size seeds like wheat, maize, peas, paddy, Lentil & mustard etc.
- Quick assembly deck type arrangement and easy adjustment for side and end slope, air control mechanism for fan.

Complete with following features:

- Capacity: 1 Ton PER HOUR (Based on wheat, at 12% moisture and 10% impurities).
- No. of fans - 03, mounted of single blower shaft with individual Air Flow Control System. All fans are dynamically balanced.
- Surge hopper over Gravity (Material G.I used)
- Electric Motor: 02 (05 HP for Blower fans and 1 HP for Gravity Deck. Make : Crompton/ Kirloskar/Havel's or any standard make)
- Toolkit and other standard features.
- Bearing made: NTN/SKF/NRB/NBC or standard make.
- Shaft: 38 mm, drawn shaft. All shafts are made of EN-8 & are mounted on Pillow/flange type self aligned high quality ball bearings with built in casing.
- Channel : Tata Steel, 5 inch

4. **"AAI" BUCKET ELEVATOR TO FEED MAGNETIC SEPARATOR** Rs. 92,350/-

Complete with following features:

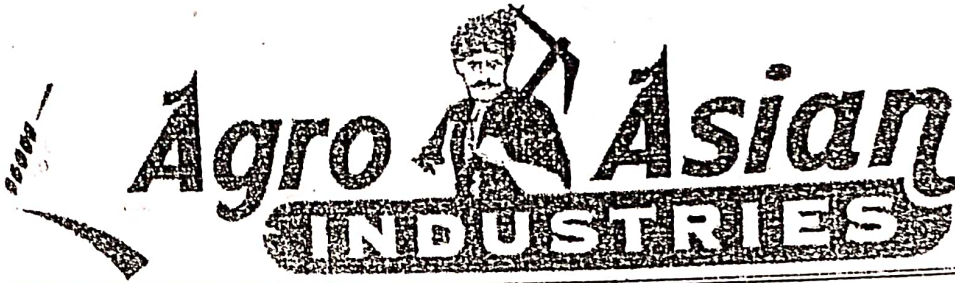

- Capacity: 1 TPH (Based on wheat, at 12% moisture and 10% impurities):
- Power: 1 h.p
- Material used: G.I Steel
- Platform
- Bucket: HDPE, self cleaning type buckets.

Email: kom1111@rediffmail.com

Dear Sir,

We really appreciate your interest in Ferro products.

Ferro Oiltek is pioneer in its SSP & CSP plants and has many successful installations around the world.

As per your requirement we are giving our best offer for 50 TPD of Cotton & Sunflower Seed Processing Decorticating Plant.

We hope you will find our offer informative and economic, for any further inquiry feel free to contact us.

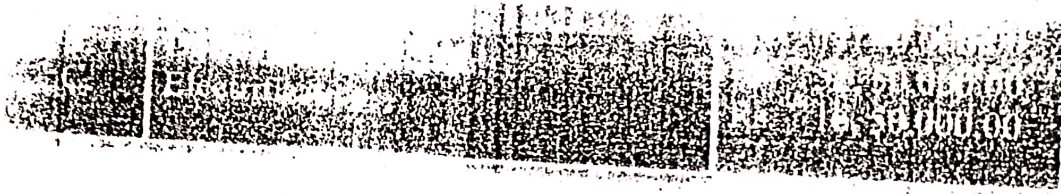

For **Ferro Oiltek Pvt. Ltd.**

Jenendra Bohra
Executive Director

Equipment Suitable for 50 TPD Cotton & Sunflower Seed Processing Decorticating Plant. Included in This Annexure is In the Following Manner.

Offer no.	9002.1167
Rev.	00

Section Wise Price

Amount in words: INR Eighty Lakh Ninety Thousand Only.

Performance Parameters: -

- A. Input Seed : 50 TPD, Max. Moisture 10-12 %, Lint on seed not more than 12% (Cotton), Trashes not more than 2%
- B. Output parameters: Oil In hulls less than 2 to 2.5%

Note: -

1. Customer must provide local assistance and manpower for the erection work and commissioning purpose.
2. Customer must provide standard accommodation and food to our staff near site.
3. To & Fro tickets and Local Expenses will be in Buyer Scope.
4. The conveyors prices what we have considered in the offer that is as per our standard layout, if layout change the price become change. Specially (*) sign conveyor

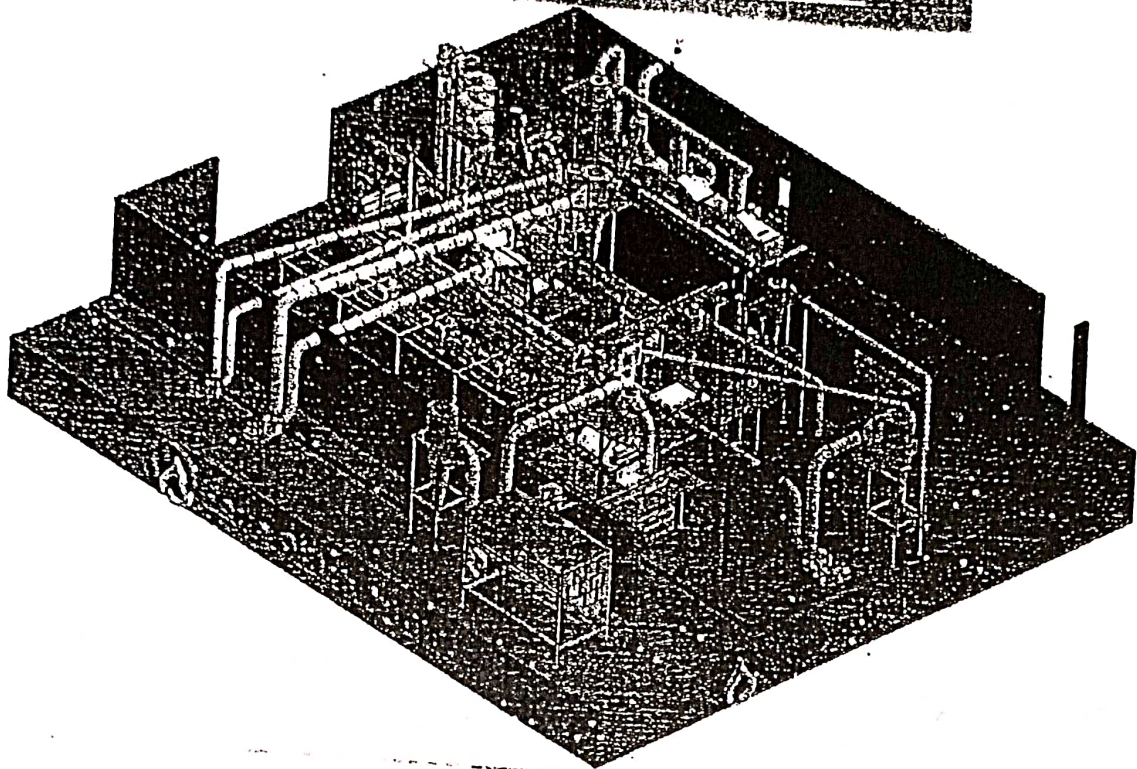

*the highlighted equipment's are in buyer scope of supply.

Decide with Confidence

Offer no.	9002.1167
Rev.	00

A. SEED CLEANING SECTION

Reference photo only

➤ Bucket Elevator: -

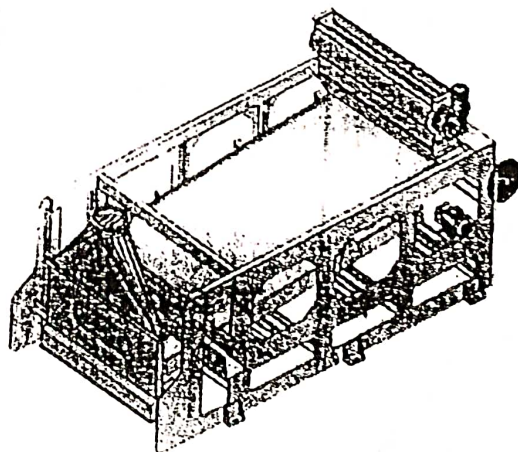

This equipment is used to lift the seed. Bucket elevator is suitable for 50 TPD Seed Feeding and complete with EDD sheet Bucket fitted on the rubber belt, 3 HP motor with suitable drive items, discharge chute, and required accessories.

Required Qty: One Unit

Price: Rs. 2, 90,000.00

➤ Two Tray Pneumatic Seed Cleaner: -

The machine includes 2 shaker trays. 1st tray removes the bigger impurities, and the 2nd tray removes fine impurities. The equipment is complete with the Feeder, 1440 RPM electrical motor for shaker tray with all drive items and pneumatic system complete with high pressure Blower, 50" dropper cyclone and high velocity cyclone for the dust collection complete with transit pipeline, air control valve, flanges, hardware etc.
Capacity: 50 TPD for Cotton Seed
Seed: Cotton Seed

Required Qty: One Unit

Price: Rs. 9, 00,000.00

Offer no.	9002.1167
Rev.	00

B. LINT CLEANING SECTION

- **Overhead Conveyor: -**
 This equipment feed the clean seeds to 1 Nos. decorticator. It is complete with the 15 HP Electrical motor, suitable reduction gear and all drive items. The equipment is provided with safety cover and all required accessories.
- Required Qty.: 1 Unit Price: RS. 2, 00,000.00
- **FX-Decorticator: -**
 The machine is used to decorticate the seed very efficiently with minimizing the power formation which results control the oil losses in hulls.
 The machine completes with roll drum which capable to crush the seed, the roll is made by cold roll alloy steel with machining by CNC, the main drum is driven by 15 HP and feeder
- Required Qty.: 1 Unit (17, 00,000.00 x 1) Price: RS. 17, 00,000.00
- **Eight Basket Beater Hull's Separators: -**
 The Machine is capable to separate meat and hulls. This equipment is consisting following items:
 A. Beater chamber: Complete with the 8 Nos. of spiked rotating beater, suitable perforated sheet tube, motor, suitable speed reduction gear and all drive-items. MS tray completes with suitable perforated sheet. Driving Shaft drives the tray, complete with electrical motor and required accessories.
 B. Aspiration system with following accessories: 24" PW type Blower with 1440 RPM electric motor and all drive items. Huller pick-up nozzle air control, Cyclone collector, all drive items and required accessories.
- Required Qty.: 1 Unit (10, 00,000.00 x 1) Price: RS. 10, 00,000.00
- **DC-Perforated baskets set (sunflower seed): -**
 Croton Seed Processing basket set = 1 set
- Required Qty.: 1 Unit Price: RS. 50,000.00
- **Large Hulls & Uncut Seed Conveyor: -**
 This equipment carries the Large Hulls & Uncut Seed to RL. It is complete with the Electrical motor, suitable reduction gear and all drive items. The equipment is provided with safety cover, drive guard and all required accessories.
- Required Qty.: 1 Unit Price: RS. 2, 00,000.00
- **Rotor Lift For Density Separator: -**
 This equipment lifts the Large Hulls & Uncut seeds and feeds it to the density separator. The equipment is complete with lifting Screw, discharged chute, overflow system, geared motor, stand and all required accessories.
- Required Qty.: 1 Unit Price: RS. 2, 90,000.00

Offer no.	9002.1167
Rev.	00

➤ **FX-Density Separator: -**

This equipment is suitable for separating the uncut seed and large hulls and meat powder. The equipment is complete with Feeder driven by suitable HP gear motor. Complete with perforated basket beater (which separates fine meat powder), beater drive geared motor, all drive items of beater, meat powder collection chute, zigzag cascade chamber, hull's aspiration nozzle and is complete with required accessories.

Density separator Aspiration system: Complete with L- Type hulls pick up nozzle, air control valve and suitable transit pieces like piping, bend, reducer etc. **Pneumatic system:** complete with 24" PW type blower with 1440 RPM electrical, all drive item. 1 Nos. heavy velocity cyclone, all drive item cyclone inlet and outlet connection and all required transit accessories.

Required Qty.: 1 Unit (10, 00,000.00 x 1)

Price: RS. 10, 00,000.00

➤ **DS-Perforated baskets set (Sunflower seed): -**

Croton Seed Processing basket set = 1 set

Required Qty.: 1 Unit

Price: RS. 40,000.00

➤ **Overhead Perforated Conveyor: -**

This conveyor is use to conveying the hulls and because of perforation the fine meat particles gets mesh down and only hulls move forward for bagging. It is complete with the Electrical motor, suitable reduction gear and all drive items. The equipment is provided with safety cover; drive guard and all required accessories.

Required Qty.: 1 Unit

Price: RS. 2, 50,000.00

➤ **Ground meat (kernel/fruit) Conveyor: -**

This equipment carries to conveying the meat from Decorticator, density separator. It is provided by Electrical motor, suitable reduction gear box, all drive items and suitable mounting stand. The equipment is provided with safety cover and all required accessories.

Required Qty: One Unit

Price: Rs. 2, 60,000.00

➤ **Common uncut seed return: -**

This equipment carries the uncut seed from density separator and then for recycling the seeds get conveying up-to two tray seed cleaner bucket elevator, and the same conveyor use to conveying the hulls which is collected from hulls purifier on opposite direction. It is complete with Electrical motor, suitable reduction gear box, all drive items and suitable mounting stand. The equipment is provided with safety cover and all required accessories.

Required Qty.: 1 Unit

Price: RS. 2, 60,000.00

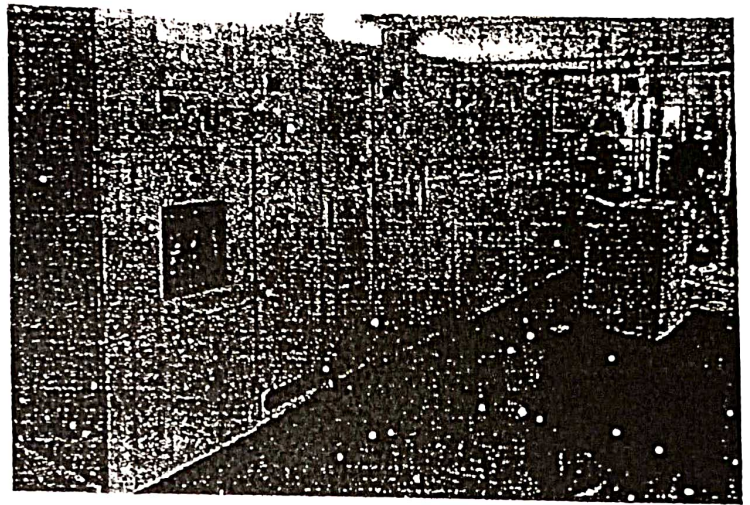

Offer no.	9002.1167
Rev.	00

E. ELECTRIFICATION

Supply of Electrification for cottonseed cleaning & Decorticating Plant. It includes the following within battery limits only:

- **Motor control center: -**

Motor control center fabricated from thick gauge CR sheet and duly painted. Complete with switchgears for all motors of individual equipment's.

- **Control Panel: -**

Switch cabinet from which the entire system is controlled and supervised. Fabricated from thick gauge CR sheet and duly painted. It is complete with on/off push buttons, indicating lamps, safety interlocks, ammeters and voltmeters, main isolator switch, mimic diagram, cut-outs to mount the instruments and complete internal wiring.

- **Miscellaneous: -**

Local On/ Off push buttons, necessary hard wares

- **Zero speed sensors: -**

For, Decorticator Basket Beater, DS Basket Beater etc.,

- **VFD Drive Arrangement: -**

For, SC Feeder, DC feeder, DS feeder etc.,

Price: RS. 17, 00,000.00

SUPPLY LIMITS

The following materials or services are not included in our supply except if clearly described in this offer.

- ┘ Dismantle.
- ┘ Disposal of dismantled materials.
- Erection.
- Compressed air, steam.
- Steel & Supporting Structure
- Bolts and nuts.
- ┘ Gaskets.
- ┘ Bases for electric motors.
- ┘ Electric wiring and cabling
- Electric motors cooling system.
- Masonry works, foundations, anchors.
- Stairs, gangways, platforms, mechanical protections.
- False ceiling and partitions.
- ┘ Static verification of structures.
- ┘ Openings on wall, floor, roof and relative restoration.
- ┘ Sound deadening and vibration attenuation.
- Supervision and control systems programming.
- Lighting
- Room ventilation and conditioning
- Fire extinguishing systems and tools
- ┘ Packaging and shipment of supplied materials
- ┘ Material reception, unloading and storage
- ┘ Insurance on supplied materials
- ┘ Import-export duties and taxes, expenses for the issue of certificate of origin, export license, consular taxes and every charges for custom procedures.
- Crane truck or other lifting tool purchasing or rental
- Spare parts
- ┘ Government or other authority's licenses or other permissions.
- ┘ Air tickets, local transports, meals and hotel accommodation for our personnel during survey, erection, supervision, start up, commissioning and operators training.
- Any other material or service not described in this offer.

Offer no.	9002.1167

GENERAL CONDITIONS OF CONTRACT

Warranty: -

We warrant that all goods part of this supply are manufactured with materials and technologies suitable for their final use. During the warranty period of one year from the date of delivery, Ferro Oiltek will repair or replace all defective parts unless in case of normal wear and tear, lack of experience, negligence, wrong application of user's manual instructions, wrong maintenance operation by the customer, end user or their representatives. In case of fault covered by warranty, Ferro Oiltek agrees to repair or replace the faulty component; the customer will provide for packaging, shipment, dismantle and erection charges.

If the customer requires (in writing) our technician on site, we will charge the customer all expenses for trip, meals, hotel accommodation and travelling expenses. In any case our services are dependent on the payment of the plant according to sales conditions chapter as in following pages.

In any case the customer is not entitled to request damages for machine stop or other direct or indirect (consequential) damages.

The warranty is valid only if our personnel supervise the erection and our technician provides for startup and commissioning.

Ferro Oiltek will send the offer for spare parts. Some of them may be necessary during start up; if the customer doesn't purchase above spare parts, all guarantees about the startup, commissioning and production time schedule will expire.

Dispute: -

Supply and any other kind of contract or agreement are subject to Indian Penal Code. For every dispute about this contract, the exclusive jurisdiction is the court of Kalyan.

Modification of the contract:-

Ferro Oiltek and the customer must agree every modification of this contract in writing.

Technical data:-

Ferro Oiltek reserves the right to modify technical data declared in offer, order confirmation or contract, provided that above modification don't change the contractual performance of the plant and don't involve substantial differences for the customer in erection or operating costs.

Delivery date:-

Ferro Oiltek will respect the delivery date agreed with the customer except in case of:

- lack of payment by the customer;
- delay (that can be attributed to the customer) in the definition or approval of lay-out drawings and in general in the definition of the plant;
- request of important modification in progress;
- Delay in the preparation of our interfaces (e.g. rooms and/or machinery not supplied by Ferro Oiltek.);
- delay in the delivery of goods that the customer must send us as account of manufacture;

Offer no.	9002.1167
Rev.	00

Social or political riots, natural calamities, incidents, strikes that involve Ferro Oiltek or its suppliers.

Auxiliary services: -

The customer will assure the availability of the following services:

- 1 compressed air
- 1 electrical power
- 1 fuel (natural gas, LPG, gas oil or other)
- 1 water
- 1 security room for erection tools and materials

Ferro Oiltek will communicate the technical specification and features for every line.

Material not collected: -

Ferro Oiltek will charge to the customer all expenses for storage, maintenance, care, insurance and any other expenses in case of delay of collection that can be attributed to the customer.

If the delay is not our blame (even in case of delay of erection schedule) the payment terms will start from the date agreed in this contract.

Dispute at materials receiving: -

It is agreed that customer will check and be responsible for all materials received and will notify Ferro Oiltek of any shortage or breakage within 5 (five) days from receipt of material.

Claims for parts broken in shipment will be regulated according to delivery terms of this contract.

Use manual: -

Ferro Oiltek will supply 2 copies of use and maintenance manual written in English.

Payment: -

All payments must be carried out towards our head quarter or our delegate with special mandate.

All delays in payments will be charged with current interest rate.

Confidential information: -

All documents supplied all kind of test or technical data are to be considered strictly confidential and must not be given to third parties without our written authorization.

Taxes and duty: -

All government or local taxes / duties / levies are to be paid by customer as applicable at the time of delivery.

Validity of Offer:-

The above offer is valid for 60 days from the date of quotation thereafter it will be subject to our written confirmations.

225

Offer no.	9002.1167
Rev.	00

Force Majeure: -

Any unforeseeable event or occurrence that is beyond the reasonable control of seller, Including: 1. extreme weather event (cyclones, typhoons, hurricanes, storms, flood, snow etc.), 2. Fire or explosion; 3. Terrorism 4. War or hostilities 5. Strikes 6. Blockages 7. Cyberattacks 8. Power blackouts 9. Governmental action 10. Imposition of sanction 11. Earthquakes 12. Pandemics etc.

A seller will be excuse from performance of its obligation under the contract if prevented or delayed by force majeure event.

Delivery: -

3-4 Month from the receipt of you confirmed order along with the advance.

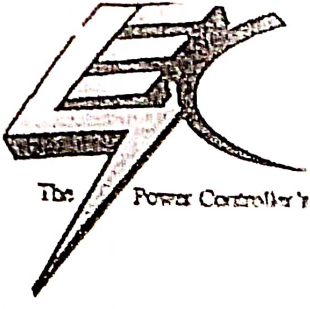

Packing & Forwarding: -

Our price/rates are without cost of seaworthy packing, packing can be provided if required by the customer however the cost is to be borne by the customer @ 1.5 % of the total material cost.

We hope the price quoted to you is most competitive and now look forward for your valued order and assure you our best efforts towards extending you our best services.
