Kind Attn: Mr. Digvijay Patil

Mob. No. 9960044744

Dear Sir,

We thank you for your valuable enquiry. With reference to your discussion with Mr. Amol Kumbhar, we are pleased to submit you detailed Techno-Commercial Offer for **Design, Supply, Manufacturing and Erection and Commissioning of 10 KLD Effluent Treatment Plant (ETP)** for your Mushroom Cultivation facility. Please find the offer as per your requirement.

Our offer comprises following annexure:

- Annexure I : Design Basis
- Annexure II : Process description
- Annexure III : Plant Schematics
- Annexure IV : Scope of supply
- Annexure V : Schedule of exclusions
- Annexure VI : Commercial Terms

We look forward to receive your valued orders, which will receive our best attention. Please let us know if you require any more information.

Thanking you,  
For NM Jalmaitreya LLP

#### **ERECTION**

Erection of the plant shall be done immediately after supply of material. For any reason attributed to the client for delay in erection beyond 2 months of supply, the above erection charges shall be revised upwardly by 10% every 2 months.

#### **COMMISSIONING**

Commissioning shall be done immediately after erection based on the availability of water. Client has to provide fresh water for final commissioning along with power supply.

#### **WAREHOUSING**

In case of delay in receipt of balance payment within 10 days from date of our intimation of readiness of plant, a charge for warehousing @ 1% of PO value per week, subject to a maximum of 5% of PO value shall be levied. Thereafter, warehousing charges shall be adjusted against the advance received and plant would be diverted to other customers.

#### **WARANTEE FOR EQUIPMENTS**

Liability with respect to any defect in failure of equipment supplied by us or any loss, injury or damage attributable thereto, is limited to making good by replacement or repairs; defects which under proper use appear therein, provided the equipment is operated and maintained in accordance with our instructions and arise totally from proved faulty design, material or workmanship, within a period of 12 months from the date of supply. This warranty could be extended for another 24/36 months on payment of nominal charges. All liability on our part shall cease at the termination of said period of warranty if not extended. This warranty is applicable under the following conditions:

- a. Any replacement / repairs required to be made under the provisions of the above warranty will be carried out at our option, either at site or at our works. In the latter case, you shall arrange to promptly return the defective parts to us, at your cost.
- b) After repairs/replacement, the period of warranty for the entire equipment including replaced/repared parts shall limit itself to the unexpired portion of the total warranty period.

<b>PAGE</b> 11 of 14		

- c) Bought out components are warranted only to the extent of warranties extended to us by our suppliers. Electrical components such as heaters, motors, contactors etc., rubber components and instruments such as pressure gauges, thermometers, etc. are however, not covered under this warranty.
- d) In respect of the equipment where dispatch after readiness is delayed due to specific instructions or lack of instructions from you, the warranty shall be limited to 18 months from the date of readiness for dispatch of equipment, as notified by us.
- e) No repairs or replacements, unless authorized by us in writing, shall be carried out by any other party on our equipment during the warranty period or otherwise.

The warranty period shall not cover the following:

- a) Normal wear and tear.
- b) Damages/defects arising out of mal-operation of the plant by the purchaser and accidents.
- c) Improper Electrical supply.
- d) Fire, explosion, flood or any natural calamity.

#### **FORCE MAJEURE**

In all cases where a time schedule for dispatch, delivery, erection or completion has been specified, the time for all these shall be extended by a reasonable period if the delay is caused by lack of instruction from the Purchaser or any industrial disputes, war, strikes, lockout, fire, accident, defective materials, approval of drawings, statutory restriction or any causes whatsoever beyond our and our Suppliers'/subcontractors' reasonable control. No liability shall be acceptable due to above reasons.

#### **LIABILITY**

In no case shall we be liable for any loss of anticipated profits as well as consequential damages, loss by reason of plant shutdown, non-operation, or increased cost of operation, or another consequential loss or damage of any nature. In other words, our liability under the contract shall be solely restricted to the framework of our performance guarantee subject to all conditions stipulated therein.
