SUBJECT : Quota on for FS Cur s Make SEM Series Lubricated Screw Compressor.

Dear Sir,

With reference to the above men oned subject, please nd our Techno Commercial Detailed o er for your requirement, for any further clari ca ois, please let us know.

Technical Details for Compressor

| GENERAL VIEW | MODEL | SEM-30-A100 |
|---|--------------------------------|-------------------|
|  | Working Pressure- Bar / PSI | 7.5 / 100 |
| | Capacity at Full load Pressure | 130 CFM |
| | Sound Level | 75 ± 3 |
| | <u>ELECTRICAL DATA</u> | |
| | Motor- kW (HP) | 25 (30) |
| | Voltage- VAC, Hz | 415V, 50Hz |
| | <u>Dimensions</u> | |
| | L x W x H – MM | 1080 x 880 x 1298 |
| | Weight- Kg | 550 |

SALIENT FEATURES OF FS-CURTIS COMPRESSORS:

DBA SHIELD NOISE REDUCTION (Can be installed near the point of use without noise worries.):

- Generously sized vibration isolation reduces low-frequency noise transmissions.
- High Quality sound absorption foam

eCOOL TECHNOLOGY (Exclusive System Protection.):

- The ultimate in system protection and reliability.
- Protects critical components from compressor generated heat
- Extends compressor life and reduces downtime

QUALITY COMPONENTS (Built to the highest levels of dependability.):

- Multiple function inlet and discharge valve reduces connections by up to 90 percent.

Kamdhenu Techno Vision

- Exclusive airend rotor profile results in higher air delivery at lower power consumption.
- All components are generously sized and selected for utmost reliability.
- Can be used in harsh environments

SUPERIOR PACKAGE DESIGN (Low cost of ownership.):

- Space saving compact design.
- Exclusive FS-Curus airends feature the latest rotor profile to maximize efficiency.
- Designed for easy serviceability.
- Simplifies maintenance through easy access to all components.

Commercial Details:-

| Sr. | Description | Qty | Unit Price (INR) |
|-----|---|--------|------------------|
| 1 | FS Curus make SEM series Fix Speed Screw Compressor Model :SEM-30-A100 Capacity: 130 CFM @ 7 bar pressure | 01NOS | 4,81,000/- |
| 2 | Air Dryer Refrigeration Type 200 Cfm | 01NOS | 1,29,000/- |
| 3 | Air Receiver Tank 1000 Liter @10 Bar | 01NOS | 68,000/- |
| 4 | Pre Filter + Post Filter | 01 NOS | 24,000/- |
| 5 | Auto Drain Valve 1/2" | 01 NOS | 4,000/- |
| | Total Package Order | | 7,06,000/- |

TERMS AND CONDITIONS

- GST : 18%EXTRA.
- P&F : 3% Extra
- Freight : Extra At Actual To your account From FSCIPL Pune.

8. Erection

The customer is solely responsible for erection and commissioning of the supplies. If Buhler (India) Pvt. Ltd. assumes the responsibility for the erection, supervision of the erection and/or commissioning of the supplies, the resulting costs will be charged to the customer additionally. The tools used, auxiliary materials as well as surplus materials provided by Buhler (India) Pvt. Ltd. remain the property of Buhler (India) Pvt. Ltd. and are to be returned immediately upon demand of Buhler (India) Pvt. Ltd. Furthermore, in addition to the above the General Delegation and Erection Conditions of Buhler (India) Pvt. Ltd. will be applicable.

9. Free consultation

Any free of charge technical consultation shall be outside of any pre-contractual or contractual obligations. Buhler (India) Pvt. Ltd. shall not be liable for free consultations, especially with respect to the correctness of the contents of the consultation.

10. Liability and insurance

The benefit and the risk of the supplies shall pass to the customer with the readiness for dispatch at works. If dispatch is delayed for reasons beyond the control of Buhler (India) Pvt. Ltd., the supplies are stored and insured at the expense and the risk of the customer. Transport shall be executed at the expense and risk of the customer. The customer shall be responsible for taking insurance of the supplies against risks of any kind.

11. Place of performance

Unless otherwise agreed, place of performance for all contractual obligations is Bangalore/India.

12. Taking-over

The supplies shall be considered as having been taken over if no substantiated written complaint is made from the customer within two weeks for single machines, or within two months for complete plants, calculated from the date of delivery at the place of performance. The taking-over is further considered as being completed if the customer refuses to participate in an agreed taking-over inspection or does not sign a taking-over certificate reflecting the facts truthfully. Buhler (India) Pvt. Ltd. shall not later than at the date of delivery, provide information and drawings which are necessary to permit the customer to commission, operate and maintain the supplies. Buhler (India) Pvt. Ltd. shall not be obliged to provide manufacturing drawings of the supplies or of spare parts.

13. Warranty and liability for defects

The warranty period is 18 months from the date of dispatch or 12 months from the date of commissioning whichever is earlier. The warranty by Buhler (India) Pvt. Ltd. is subject to the timely fulfillment of the agreed payment conditions by the customer. Buhler (India) Pvt. Ltd. shall be responsible to repair or replace or issue a credit as compensation for any parts which, before the expiry of the warranty period, are proven to be unusable due to bad materials, faulty design or poor workmanship. The right to cancel the contract or reduce the purchase price shall be excluded. If a supply is still defective, despite a replacement or repair, Buhler (India) Pvt. Ltd. at its sole discretion is entitled to take back the defective supply against reimbursement of the received payments.

THE SOLE REMEDY UNDER THIS WARRANTY SHALL BE THE REPAIR, REPLACEMENT, OR CREDIT FOR A PARTICULAR PART AS STATED ABOVE. THIS WARRANTY IS THE SOLE WARRANTY GIVEN BY BUHLER (INDIA) PVT. LTD.

Excluded from Buhler (India) Pvt. Ltd.'s warranty and liability are all deficiencies beyond the control of Buhler (India) Pvt. Ltd., especially if resulting from normal wear and tear, false information from the customer, improper maintenance, failure to observe the operating instructions, excessive loading, use of any unsuitable material, influence of chemical or electrolytic action, combination with non-original parts, installation, changes or repairs by the customer or third parties, events of Force Majeure, etc. If the customer proves that an express warranty with regard to performance, energy consumption, etc. is not achieved, the express warranty is valid only if Buhler (India) Pvt. Ltd. after the completed commissioning, has the opportunity to prove that the warranted parameters are achieved. The customer shall at its expense make available the necessary raw materials, energy, etc., as well as qualified personnel. If within two months from receiving the written complaint, Buhler (India) Pvt. Ltd. is not given an opportunity to prove the warranted parameters, then those parameters are deemed to be proven.

14. Consequential damages

The warranty and liability claims of the customer are exhaustively covered by these conditions. As long as there are no specific mandatory laws to the contrary, in no case whatsoever shall the customer be entitled to contractual or tort claims for damages resulting from, but not limited to, loss of production, loss of use, loss of orders, loss of profit and other direct or indirect or consequential damages. Buhler (India) Pvt. Ltd. is only liable to compensate the customer for the costs of remedying defects in the supply itself.

15. PREVAILING OF THESE TERMS & CONDITIONS OF SALE

The above terms and conditions shall override and prevail over any of the terms and conditions of the customer which may be written or printed otherwise and made known either in the purchase order or in any other document through which the customer places his order or confirms his order, unless otherwise specially agreed to in writing by Buhler (India) Pvt. Ltd.

16. Jurisdiction/applicable law

For any dispute resulting from this contract, the exclusive place of jurisdiction shall be Bangalore. The contract shall be exclusively governed by Indian law.

1. General

Any order accepted and confirmed in writing by Buhler (India) Pvt. Ltd. shall be governed by these General Terms and Conditions of Sale. These General Terms and Conditions of Sale shall apply in as much as and so far as the parties have made no other written agreement/s in individual cases. In the event of a discrepancy between a written agreement and these General Terms and Conditions of Sale, the written agreement to that extent shall prevail. The contract shall be effective only upon Buhler (India) Pvt. Ltd.'s written confirmation of the order placed by the customer. Any modifications have to be implemented by annex to be lawfully signed by both parties.

2. Drawings, Technical Documentation and Software

Brochures and catalogues are not binding on the parties. Data contained in drawings and technical documents are only binding if they are explicitly stipulated as such. Buhler (India) Pvt. Ltd. reserves all rights to the drawings and technical documents delivered by Buhler (India) Pvt. Ltd. They shall not be made available to third parties. If no order is placed, all drawings and technical documents are to be returned immediately to Buhler (India) Pvt. Ltd. As far as software is included in the supply, all rights to that software remain the property of Buhler (India) Pvt. Ltd. Buhler (India) Pvt. Ltd. grants to the customer a non-exclusive right to use the delivered software, whereby all other rights including the right to sublicense, sell or lease the software shall be excluded. The right is limited to the contractually agreed use. The software may only be reproduced or made available to third parties with the prior written consent of Buhler (India) Pvt. Ltd.

3. Prices

All prices shall be deemed to be net, ex works, in freely available Indian Rupee, without any deduction whatsoever. Any and all additional charges, such as but not limited to, freight charges, insurance premiums, fees for export, transit, import and other permits, as well as for certifications, shall be borne by the customer. Likewise, the customer shall bear all value-added taxes, sales taxes, custom duty, profit taxes, income taxes, social contributions, registration fees, as well as all other kinds of taxes, fees, levies, custom duties and the like which are levied against Buhler (India) Pvt. Ltd., its related companies, its factories or its personnel in connection with the contract.

4. Terms of payment

According to the confirmation of order. The agreed dates of payment shall also be observed by the customer even if transport, delivery, erection, commissioning or taking over is delayed or prevented due to reasons beyond the control of Buhler (India) Pvt. Ltd., or if minor parts are missing or if post-delivery work, which does not prevent the supplies from being used, is necessary. The retention of payments or the setting-off against any counter-claims shall be excluded. If the customer fails to pay the amount due as per the agreed schedule, Buhler (India) Pvt. Ltd., without prejudice to its legal rights, shall be entitled to suspend the further execution of the contract, to stop the fabrication or to retain the deliveries which are ready for dispatch. With effect from the agreed due date, the customer shall pay interest on the outstanding amount at a rate of 15 % until the date of realization of the same. If the customer is overdue with a payment or the establishment of an agreed security for more than two weeks, the entire balance of payment shall be due immediately. Buhler (India) Pvt. Ltd. reserves the right to forfeit the advance payment made by the customer and to recover an appropriate amount as compensation if the customer withdraws from the contract or cancels his order or fails to collect the supplies from Buhler (India) Pvt. Ltd. premises or fails to settle the balance of payment. In this case Buhler (India) Pvt. Ltd. also reserves the right to dispose of the supplies in any manner it deems fit to a third party and to offset the amount so realized less the expenses incurred against the payment due from the customer. However, if for any reasons Buhler (India) Pvt. Ltd. is not able to sell the supplies to a third party, then the customer shall be liable to pay the entire price of the supplies.

5. Retention of title

Buhler (India) Pvt. Ltd. remains the owner of the entire supplies until the complete receipt of the agreed payments. The customer authorises Buhler (India) Pvt. Ltd. to enter the retention of title in public registers or records, and shall be obliged to give any signatures requested.

6. Delivery time

The delivery time shall start as soon as the contract is entered into, the necessary technical documents of the customer have arrived completely at Buhler (India) Pvt. Ltd., the agreed payments and securities are given, and the required official permits are granted. The delivery time shall be deemed to be completed when the delivery is ready for dispatch at the factory within such time. The delivery time shall be reasonably extended in case of Force Majeure events such as epidemics, acts of God (e.g. earthquake, flooding), mobilisation, war, acts of piracy, revolution, labour conflicts, boycotts, accidents, serious breakdown in the works or official actions, storms, fires or other contingencies beyond the reasonable control of Buhler (India) Pvt. Ltd.. The delivery time shall be extended if the customer changes the original order or is overdue with its contractual obligations, especially if the customer has delayed the delivery of the necessary documents, has delayed the agreed payments and securities or is overdue with the work to be carried out by the customer. A delay in delivery does not give the customer the right to withdraw from the Contract or to claim either direct or indirect damages.

7. Packing

Packing shall not be returnable.

Offer for 60 Ton Capacity 9 M X 3 M Fully Electronic Pit- Pit Less Type Weighbridge.

Sir,

Thank you for your Most Valuable weighbridge Inquiry, Sir we would like to introduce ourselves as **MANSI INSTRUMENTS**, a leading manufacturer in weighing Industries since 20 years for All Types of Electronic Weigh Bridge, Weighing Systems, Laboratory Scales, Small Scale & Platform Scale , weighing & Industrial Automations . We have expanded our business with all types of material handling equipments also.

PRODUCT PROFILE

WEIGHBRIDGE:

Pit Type Weighbridge, Pit less Type Weighbridge, Modular Weighbridge
Axle Weighing, Weigh Pad, Movable Weighbridge, Mechanical Weighbridge
Electro - Mechanical Weighbridge.

WEIGHBRIDGE ACCESSORIES:

Heavy Duty Double Ended Load Cell, Intelligent Terminal System, PC Base Electronic System
Weighbridge Software, Steel Ramp, Mobile Weighbridge Cabin, Lightning Protection
Extra Display, Load Cell Cable

ELECTRONICS WEIGHING SCALES:

Table Top Scale, Platform Scale, Jewelry Scale / Pocket Scale, Laboratory Balance
Personal Scale, Counting Scale, Hanging Scale , Crane Weighing Scale , Wireless Weighing System
Electronic Weighbridges & Conversion Kits, Pallet Weighing Systems.

Thanking You

SUBJECT : Quotation for FS Cur s Make A series Lubricated Piston Air Compressor.

Dear Sir,

With reference to the above mentioned subject, please find our Techno Commercial Detailed offer for your requirement, for any further clarifications, please let us know.

Technical Details for Compressor

| GENERAL VIEW | MODEL | VA-50 |
|---|--------------------------------------|------------------|
|  | Max Working Pressure- Bar / PSI | 8/120 |
| | Capacity at Full load Pressure (CFM) | 17 |
| | Tank Capacity | 245 Liters |
| | <u>ELECTRICAL DATA</u> | |
| | Motor- kW (HP) | 3.7 (5) |
| | Voltage- VAC | 415 |
| | <u>Dimensions</u> | |
| | L x W x H – MM | 1500 X 420 X 825 |
| | Weight- Kg | 245 |

SALIENT FEATURES OF FS-CURTIS COMPRESSORS:

- **Suction Strainer:** Permanent type strainer effectively filters air and muffles noise of air intake. Easily removed for periodic cleaning.
- **Valve Assembly:** All units use large disc-type valves made from Swedish steel for high efficiency and long durability.
- **After Cooler:** The copper tube is fitted with high efficiency cooling fins that effectively reduce gas working temperature and increase compression efficiency.
- **Rings:** Long life industrial design compression and oil control rings are used to assure maximum performance.

Kamdhenu Techno Vision

- **Long-Life Cylinder:** Precision machined cylinder walls are honed glass-smooth to reduce friction and wear to a minimum. Extra deep fins provide increased cooling and greater strength.
- **Continuous Running Unloader:** For continuous-running air compressors, unloader lets the unit idle load-free until air supply drops to cut-in pressure; automatically lets the unit idle again after the high pressure limit is reached. (Optional)
- **Balanced Fan-Type Flywheel:** Airfoil-type spike provides a continuous powerful blast of cooling air for all parts of the compressor. Balanced flywheel provides smooth vibration less operation.
- **Cool Cylinder Head:** Deep Directional fins provide quick cooling. Compact streamlined air passages in the cylinder head permit fast, efficient flow of cooler intake and rapid removal of discharge air.
- **Connecting Rod:** All units contain precision bored, industrial quality designed connecting rods.
- **Balanced Crankshaft:** Made from a high tensile forged alloy steel and precisely ground and dynamically balanced to ensure long life and smooth operation. Journals are ground precisely to extend bearing life.
- **Main Bearing:** Will ensure long life and easy maintenance. High quality ball bearings or tapered roller bearings are used in the FS Curtis compressors.
- **Crankcase:** The extra-large crankcase with big oil reservoir provides good lubrication.

Commercial Details:-

| Sr. | Descrip on | Qty | Unit Price (INR) |
|-----|---|-------|------------------|
| 1 | FS Cur s make A series Reciproca ng compressor Model : VA-50 Capacity: 17 CFM @ 8 bar pressure Tank :- 245 Liter With DOL starter, Safety valve , Pressure switch | 01NOS | 76,000/- |

Best Price :- 64000.00+18% GST Ex Waluj.

Subject: Quotation for solar power plant 52KW

Dear Sir/Madam,

Greetings from Anusaya Solar enterprises.

We are thankful and honoured for the interest shown in our solutions and for considering us for your prestigious requirement. We are pleased to submit Technical and Commercial offer for our solution and look forward to the opportunity to serve your organization better with our state of the art, products, services and solutions.

I hope this is in line with your requirement. If you have any doubt, please free to contact.

Assuring you of our best services at all the times.

Thanking you and look forward for a long lasting association with your esteemed organization.

Yours,
For Anusaya Solar enterprises

Scope of work:

- Supply and installation of module mounting structure.
- Supply and Installation of PV modules.
- Supply and installation of VFD
- Supply and installation of cables for connecting PV modules, strings, arrays and all interconnecting and hardware device.
- System components as required for mounting and installation hardware to make the system complete (as per BOM).
- Earthing/ Grounding system complete with electrode & earth pit.
- Commissioning of system and trial run.

Exclusion:

- Material storage at site (Space to be provided by client)
- Input / Output Cabling from Solar INVERTER to External Electrical connection
- Any items which is not mentioned in scope supply.
